4Z91 BMW M4 Convertible EUR 89.900,00

Technical Data

Capacity	2979 cm ³	Combined	9,5 l/100km
Output	317 kW (431 CP) la 1/min	CO₂ emissions	217 g/km

The values of fuel consumptions, CO₂ emissions and energy consumptions shown were determined according to the European Regulation (EC) 715/2007 in the current version applicable. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tires available on the selected model and may vary during the configuration.

The values of the vehicles labeled with (3), are already based on the new WLTP regulation and are translated back into NEDC-equivalent values in order to ensure the comparison between the vehicles. With respect to these vehicles, for vehicle related taxes or other duties based (at least inter alia) on CO₂-emissions the CO₂ values may differ to the values stated here.

Colour and interior trim (price including VAT)

A96	Mineral White metallic	EUR	0,00
