INDIVIDUALITY AND ADAPTABILITY.

34 EQUIPMENT: BMW Lines, BMW M Performance automobiles, equipment highlights, wheels and tyres and Original BMW Accessories.

50 COLOURS: Exterior and interior colours.

54 TECHNICAL DATA: Weight, engine, transmission, performance, fuel consumption, wheels and dimensioned drawings.

58 BMW SERVICE: BMW Service, BMW Financial Services and the BMW brand experience.

ANGELICALLY
BEAUTIFUL.

FIENDISHLY
QUICK.

The BMW 2 Series Convertible.

A free spirit as refreshing as a breeze, inviting you to enjoy relaxed cruising – with the reassurance that you will always have lots of extra power in reserve. Take a seat and enjoy. Sheer Driving Pleasure is rarely this sensuous.

The BMW 2 Series Coupé.

A rebel. Wild and passionate. The latest chapter in the long and illustrious history of the BMW Coupé is a particularly gripping one: press “Start”, leave all conventions behind, and experience a new dimension of driving pleasure.

THE BEST DUST IS THE ONE YOU LEAVE IN YOUR WAKE.

The M240 xDrive takes 4.4 seconds to accelerate from 0 to 100km/h. But the exhilaration is instant. The latest-generation BMW TwinPower Turbo engines and the optional eight-speed Steptronic Sport transmission in the BMW 2 Series Coupé deliver up to 250kW (340hp), for maximum power combined with reduced fuel consumption. The design is equally sporting: the slightly forward-leaning kidney grille, long bonnet and dynamic wedge shape – everything about this car communicates movement. Care to come along?

**OPEN THE DOOR
TO EUPHORIA.**

The moment you sit down in the cockpit of the BMW 2 Series Coupé, you feel like you're at the centre of things. The upper part of the centre console is ergonomically inclined towards the driver, and the Control Display is perfectly placed in your field of vision. The frameless windows are particularly elegant, and flawless workmanship ensures that the high-quality, carefully matched materials are displayed to maximum effect.

**AS UNBRIDLED
AS YOUR PASSION.**

Dynamic performance is part of its DNA: Every component in the BMW 2 Series Coupé has been designed for maximum sportiness. The Launch Control of the optional eight-speed Steptronic Sport transmission for example takes you to top speed in the quickest time possible, by ensuring your tyres always have optimal grip. The entire vehicle concept with rear-wheel drive, optional Adaptive M suspension and optional variable sport steering is focused on a single aim: leading the field.

THE REAR: A LASTING IMPRESSION.

No roof, but plenty of style. With the top down, the BMW 2 Series Convertible looks particularly impressive: its low-slung, elegant silhouette emphasises sensuousness and agility, while the typical L-shaped single-unit taillights visually underscore the car's width and road-hugging stance. Leaving everyone else behind, you're out in front – followed by admiring glances.

THE FRONT: A STATEMENT.

Air resistance is futile. The front design of the BMW 2 Series Coupé communicates its uncompromising forward urge: headlights ending in a sharp point keep a close watch on the road, while the contour lines on the bonnet mirror air flows. The integrated Air Curtain minimises drag and makes you faster. All in support of one goal: high performance for maximum driving enjoyment.

GO SAILING ON THE ROAD.

Feels like being on a yacht. Like the deck of a boat, the interior is inset into the body, surrounding you with elegance and comfort. And in vehicles with Steptronic transmission, Driving Experience Control provides another invitation to go sailing: when you take your foot off the accelerator in ECO PRO mode without applying the brakes, the system will uncouple the engine from the drivetrain, allowing you to coast along in quiet relaxation – thanks to innovative BMW EfficientDynamics technologies.

RAIN? GREAT!

Equally stunning with the roof up. The softtop of the BMW 2 Series Convertible looks just the part, and with its improved insulation minimises road noise. Opening and closing the softtop takes just 20 seconds and can be performed at speeds of up to 50km/h – probably the fastest sunrise you'll have ever experienced.

△

ALWAYS ASSURED AN OUTSTANDING RECEPTION.

On the road, yet in touch with the whole world. Thanks to BMW ConnectedDrive the BMW 2 Series Convertible offers you a whole host of optional Services and Apps to make your journey safer and more enjoyable. Using a music flat rate account with a BMW music partner the optional BMW Online Entertainment provides you with unlimited access to millions of songs, allowing you to choose the right soundtrack for any occasion. Just pick and go.

INNOVATION AND TECHNOLOGY.

BMW TWIN POWER TURBO ENGINES: At the heart of BMW EfficientDynamics.

BMW EFFICIENT DYNAMICS: Making fuel saving fun.

BMW CONNECTED DRIVE: Services & Apps and Driver Assistance.

CHASSIS: Innovative systems for more driving pleasure.

SAFETY: Advanced technology at your service.

BMW TwinPower Turbo engines. At the heart of BMW EfficientDynamics.

BMW TwinPower Turbo technology gives the latest generation of the BMW EfficientDynamics engine range significantly more agile power delivery, as well as more spontaneous responsiveness even at low engine speeds. These engines are also fuel efficient, low in emissions and generally more efficient, delivering better dynamics and greater driving pleasure.

BMW TWIN POWER TURBO FOUR-CYLINDER PETROL ENGINE 230i.

The BMW TwinPower Turbo four-cylinder petrol engine achieves a peak output of 185kW (252hp), while ensuring an impressively low combined fuel consumption of just 6.2–6.4 litres per 100km in the Coupé, and 6.5–6.8 litres per 100 km in the Convertible. Featuring a TwinScroll turbocharger with Valvetronic, Double-VANOS and High Precision Injection, this engine provides a maximum torque of 350 Nm at just 1,450 rpm.

BMW EFFICIENT DYNAMICS.
LESS EMISSIONS. MORE DRIVING PLEASURE.

BMW 230i. Coupé / Convertible

- BMW TwinPower Turbo four-cylinder petrol engine with 185kW (252 hp) and 350Nm torque
- Acceleration 0–100km/h: 5.8sec/6.1sec; top speed: 250km/h¹/250km/h¹
- Combined fuel consumption: 6.2–6.4 litres/100km² / 6.5–6.8 litres/100 km²
- Combined CO₂ emissions: 142–147g/km²/149–155g/km²

BMW 220i. Coupé / Convertible

- BMW TwinPower Turbo four-cylinder petrol engine with 135kW (184 hp) and 290Nm torque
- Acceleration 0–100km/h: 7.1sec/7.5sec; top speed: 235 km/h/231 km/h
- Combined fuel consumption: 5.7–6.1 litres/100 km²/6.1–6.5 litres/100 km²
- Combined CO₂ emissions: 131–140 g/km²/139–149 g/km²

BMW 218i. Coupé / Convertible

- BMW TwinPower Turbo three-cylinder petrol engine with 100kW (136 hp) and 220Nm torque
- Acceleration 0–100 km/h: 8.8 sec/9.4 sec; top speed: 210 km/h/207 km/h
- Combined fuel consumption: 5.1–5.6 litres/100 km²/5.5–6.0 litres/100 km²
- Combined CO₂ emissions: 119–130 g/km²/129–139 g/km²

BMW M240i/M240i xDrive. Coupé / Convertible

- M Performance TwinPower Turbo six-cylinder in-line petrol engine with 250 kW (340 hp) and 500 Nm torque
- Acceleration 0–100 km/h: 4.8 sec/4.4 sec (xDrive)/4.9 sec/4.6 sec (xDrive); top speed: 250 km/h¹/250 km/h¹ (xDrive)/250 km/h¹/250 km/h¹ (xDrive)
- Combined fuel consumption: 7.8 litres/100 km²/7.4 litres/100 km² (xDrive)/8.3 litres/100 km²/7.8 litres/100 km² (xDrive)
- Combined CO₂ emissions: 179 g/km²/169 g/km² (xDrive) / 189 g/km²/179 g/km² (xDrive)

BMW 225d. Coupé / Convertible

- BMW TwinPower Turbo four-cylinder diesel engine with 165kW (224hp) and 450Nm torque
- Acceleration 0–100km/h: 6.2sec / 6.4sec; top speed: 243km/h / 235km/h
- Combined fuel consumption: 4.3–4.6 litres/100km² / 4.6–4.9 litres/100km²
- Combined CO₂ emissions: 114–121g/km² / 121–128g/km²

BMW 220d/220d xDrive³. Coupé / Convertible

- BMW TwinPower Turbo four-cylinder diesel engine with 140kW (190hp) and 400Nm torque
- Acceleration 0–100km/h: 7.1sec/6.9sec (xDrive) / 7.5sec; top speed: 230km/h/225km/h (xDrive) / 225km/h
- Combined fuel consumption: 4.1–4.4 litres/100km²/ 4.3–4.7 litres/100km² (xDrive) / 4.4–4.7 litres/100km²
- Combined CO₂ emissions: 107–115g/km²/113–124g/km² (xDrive) / 116–124g/km²

BMW 218d. Coupé / Convertible

- BMW TwinPower Turbo four-cylinder diesel engine with 110kW (150hp) and 320Nm torque
- Acceleration 0–100km/h: 8.4sec / 8.9sec; top speed: 213km/h / 208km/h
- Combined fuel consumption: 4.0–4.4 litres/100km² / 4.3–4.7 litres/100km²
- Combined CO₂ emissions: 106–116g/km² / 114–124g/km²

M PERFORMANCE

¹ Electronically limited.

² Fuel consumption and CO₂ emissions are dependent on the selected wheel and tyre size. For further information see pages 54 | 55 and 56 | 57 or consult your BMW partner.

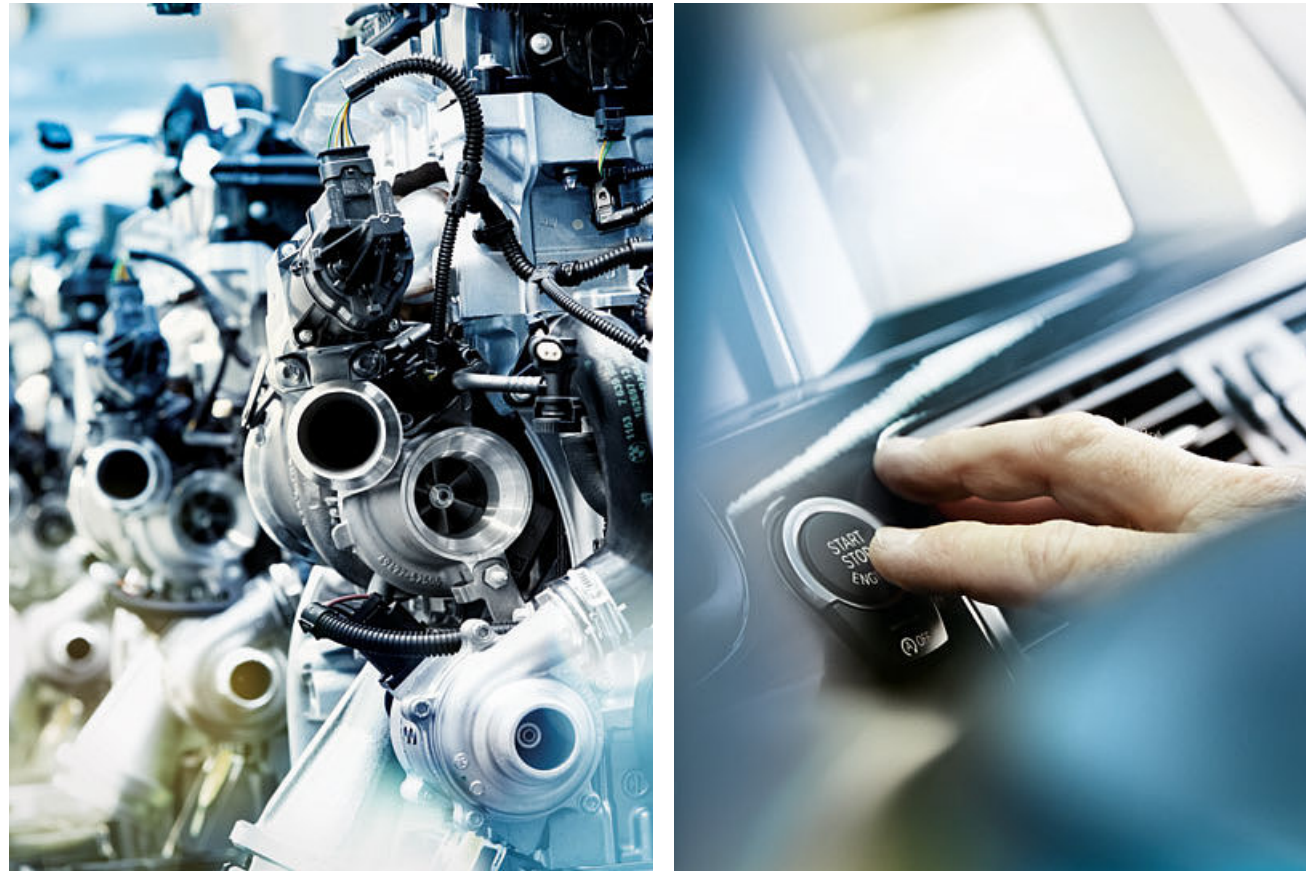

³ Only available for the BMW 2 Series Coupé.

Performance, fuel consumption and CO₂ emissions figures are for vehicles with standard transmission.

BMW EfficientDynamics

Less emissions. More driving pleasure.

Whether the goal is maximum performance or minimum fuel consumption – for BMW, the focus is always on delivering quintessential BMW driving pleasure. BMW EfficientDynamics is the strategy developed by BMW to minimise fuel consumption and CO₂ emissions while simultaneously increasing dynamics and driving pleasure. It is a comprehensive technology package that encompasses the engine, energy management, lightweight construction and aerodynamics – and it comes with every BMW.

OUTSTANDING: DRIVING EXPERIENCE CONTROL INCL. ECO PRO MODE.

The Driving Experience Control offers the driver the choice between COMFORT mode, the efficiency oriented ECO PRO mode, the SPORT mode, which enables a sporty-dynamic driving or the SPORT+ mode, which pushes dynamic driving to the limits. ECO PRO mode adjusts the characteristics of the Steptronic transmission (if present) and the heating/air conditioning settings to make the drive as fuel-efficient as possible. It can reduce fuel consumption by up to 20 percent¹. Further fuel savings potential is possible with the coasting function and ECO PRO Route², which suggests an efficiency-optimised route that takes into account the volume of traffic, as well as individual driving styles and local conditions in order to suggest a route that optimises efficiency and thereby reduces fuel consumption. The “coasting” function allows the vehicle to coast along the road at up to 160 km/h without additional power input when the driver takes his or her foot from the gas without braking.

¹ Depending on individual driving style, according to an internal BMW fuel consumption study.
² Only available in conjunction with navigation system Business or navigation system Professional.

ENGINES.

The **BMW TwinPower Turbo petrol engines** feature remarkably agile power delivery and excellent responsiveness, even at low engine speeds. At the same time they are more efficient, with fewer emissions and better performance than their predecessors.

The new **BMW TwinPower Turbo diesel engines** are characterised by outstanding responsiveness and agile power delivery at all engine speeds. They are also breathtakingly dynamic, highly fuel-efficient and produce few emissions.

VEHICLE CONCEPT.

Thanks to targeted **aerodynamic measures**, every BMW boasts excellent air resistance figures. This has a positive impact on efficiency and driving stability, and reduces the level of noise in the interior. These features include the flat undercarriage cover and the Air Curtain in the front apron.

ENERGY MANAGEMENT.

In conjunction with the navigation system Professional, the **ECO PRO Analyser** evaluates the driver's driving style – before, during and after a journey – and how efficiently they accelerate, brake and change gear. This information appears on the display during the journey. These useful ECO PRO tips help the driver to adopt an even more efficient way of driving.

The **eight-speed Steptronic transmission** ensures smoother gear shifts and greater driving comfort, thanks to fast engine speed transitions and short shift times. It unites outstanding comfort with impressive dynamics and increased fuel efficiency.

The **Route-ahead assistant** is a function included in the ECO PRO mode and it helps the driver to adopt an extremely efficient way of driving. In conjunction with the Navigation system Professional, it recognises speed limits, city limits, bends, roundabouts, turns and motorway exits along the chosen route and gives tips in advance about when to reduce speed.

Whenever the driver takes their foot off the accelerator without braking, the **coasting function** (a component of the ECO PRO mode) cuts the power between the engine and drive in vehicles with eight-speed Steptronic transmission. The vehicle rolls along without any resistance from the engine, which rotates at idle speed consuming a minimum of fuel and with minimal emissions.

The **Optimum Shift Indicator** shows the most efficient gear for a given driving situation. This display appears in the cockpit of all BMW models with a manual transmission or the Steptronic transmission (in manual mode) and helps the driver to drive more fuel-efficiently, especially in urban traffic and on long-distance journeys.

BMW ConnectedDrive

So connected, you're free.

Our world is becoming more closely connected every day. And for BMW drivers it goes without saying that they can request information, communicate via telephone or email and always be up to date – all while they're on the go. The BMW ConnectedDrive¹ concept encompasses all the services and innovative technologies that link BMW vehicles and their passengers to the outside world and surrounding traffic.

The equipment option **ConnectedDrive Services*** forms the basis for BMW ConnectedDrive functions, which provide the driver with a wide range of information, entertainment and service features while on the road.

The offer includes access to current location-based information such as weather and news, as well as an online search powered by Google™ and practical office functions. Services and features such as parking information, as well as travel and hotel guides can be accessed directly in the car without a smartphone via the ConnectedDrive menu.

Convenient, secure and unlimited access to selected smartphone apps is also integrated. ConnectedDrive Services also provides access to the **BMW ConnectedDrive Store**, in which services and apps can be ordered and extended anytime and anywhere to suit the user's individual requirements. The equipment option ConnectedDrive Services offers all this and more, making every trip in a BMW a real experience.

Image shows features that are only available for the German market.

* May not be available in all countries. Please consult your BMW partner.
¹ For further information on BMW ConnectedDrive please visit <http://www.bmw.com/connecteddrive>
² Requires ConnectedDrive Services equipment and navigation system Professional.
³ System performance may be limited in dark and foggy conditions.

BMW ConnectedDrive with its intelligent services and assistance systems is ready with all the right equipment. **BMW ConnectedDrive Services & Apps** offer more freedom by providing versatile connections between the driver, vehicle and the outside world. **BMW ConnectedDrive Driver Assistance systems** make driving a BMW safer and more comfortable. And intelligent systems make life easy for the driver and minimise the dangers of traffic.

Online Entertainment² enables you to open a music flat-rate account with a BMW music partner such as Napster that can also be used on any other device supported by the provider. This gives you unlimited access to up to 22 million music titles.

Driving Assistant³ combines the Lane Departure Warning and Approach control warning systems. When travelling at speeds between 10 and 60 km/h, the Approach control and person warning with light city braking function issues a warning if there is a risk of collision with vehicles or pedestrians, and brakes the vehicle in the event of an emergency. At speeds above approx. 70 km/h, the Lane Departure Warning draws the driver's attention to an unintentional lane change by means of slight vibrations of the steering wheel.

The optional **Concierge Services*** connect the driver to a BMW Call Centre agent at the push of a button. The agent can locate a particular restaurant, the nearest cash dispenser or an emergency pharmacy and send the address details directly to the car's navigation system.

Chassis.

A solid foundation for superior driving dynamics.

The intelligent **BMW xDrive all-wheel drive system** adapts perfectly to even the most challenging road surface conditions, ensuring optimal traction at all times. xDrive and Dynamic Stability Control (DSC) ensure that the BMW remains safe and stable. Controlled via the DSC sensor system, xDrive flexibly and quickly distributes drive power between the axles in order to prevent oversteer or understeer on bends, thereby ensuring outstanding directional stability. Moreover, it guarantees a rapid, safe acceleration even on slippery or steep stretches. In critical road conditions, the DSC doesn't need to intervene as much. BMW xDrive thus combines all the advantages of an all-wheel drive system – traction, directional stability and driving safety – with classic BMW agility.

The **rear-wheel drive** forms the basis for classic BMW steering precision, agility and sporty driving characteristics. Seeing as propulsion comes from the rear instead of the front wheels, it enables highly sensitive steering and the ideal weight distribution of 50:50. This ensures great traction and directional stability on bends.

The optional automatic **eight-speed Steptronic Sport transmission¹** adapts to suit individual driving styles. It ranges from comfortable cruising to very dynamic handling. In SPORT mode, the gear shifts are configured for maximum performance. It is also possible to change gears manually by using the gear lever or the gearshift paddles on the steering wheel.

The optional **Adaptive M suspension** includes variable damper control. The driver can choose between comfortable or dynamic suspension settings using the Driving Experience Control. The suspension has been lowered by 10mm in order to emphasise the car's sporty appearance and further increase agility.

The optional **Variable sport steering¹** with Servotronic creates a direct and agile steering response and ensures less physical effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when driving more dynamically and reduces the effort needed to steer when parking and turning.

An ideal **axle load distribution of 50:50** helps ensure great directional stability, agile handling and a precise steering response. A lower centre of gravity, along with a long wheelbase with short overhangs, generates optimal conditions for these positive driving characteristics.

¹ Standard on M240i xDrive.

Safety.

Unparalleled safety with the latest BMW technology.

■ The **Dynamic Stability Control (DSC)** with extended functionality stabilises the vehicle as soon as any skidding motion is detected.

□ **Adaptive headlights** with variable light control provide optimal illumination in every situation and therefore help to improve active safety.

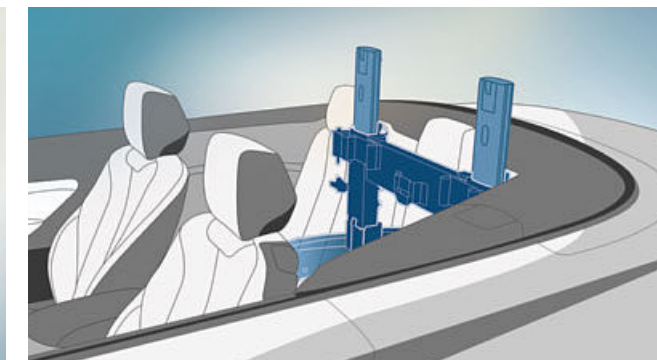

■ The **Air Curtain** channels the air flow at the front apron and front wheels, thereby reducing turbulence, air resistance and fuel consumption.

■ Sensors record **the tyre pressure** for each wheel. A Tyre pressure indicator warns the driver in good time if there is any pressure loss.

■ **Intelligent emergency call*** automatically establishes a connection with the nearest rescue coordination centre through the BMW call centre whenever needed – without the use of a mobile phone.

■ **The fully recessed roll-over protection system** features roll bars which extend automatically should the vehicle ever overturn, thereby protecting occupants in the Convertible.

INDIVIDUALITY AND ADAPTABILITY.

EQUIPMENT: BMW Lines, BMW M Performance automobiles, equipment highlights, wheels and tyres and Original BMW Accessories.

COLOURS: Exterior and interior colours.

TECHNICAL DATA: Weight, engine, transmission, performance, fuel consumption, wheels and dimensioned drawings.

BMW SERVICE: BMW Service, BMW Financial Services and the BMW brand experience.

BASE MODEL.

[01] The BMW 2 Series Convertible in the optional Sparkling Brown metallic exterior colour and with optional 18" light alloy wheels Double-spoke style 385.

[02] The optional Dakota leather seats in the Terra colourway lend the interior an elegant and comfortable atmosphere.

[03] The BMW 2 Series Coupé in the optional Alpine White exterior colour and with optional 17" light alloy wheels Y-spoke style 380 (standard on 228i and 225d).

[05] 16" light alloy wheels V-spoke style 378, 7 J x 16 with 205/55 R 16 tyres (standard on 218i, 220i, 218d, 220d and 220d xDrive¹).

[04] The cockpit with standard leather steering wheel, one-zone automatic air conditioning, Radio BMW Professional with 6.5" display and optional multifunction buttons makes an immediate impression.

¹ Only available for the BMW 2 Series Coupé.

LUXURY LINE.

■ Standard equipment □ Optional equipment

Interior equipment features:

- Door sill finishers in aluminium, with "BMW" lettering
- Seats in Dakota leather in Oyster with Oyster dark highlights, alternatively seats in Dakota leather in Terra; additional upholstery options available
- Sport leather steering wheel
- Car key with Pearl Chrome detailing
- Finition Stream fine-wood trim with matt Oxide Silver highlight, alternatively Finition Pure fine-wood trim with matt Oxide Silver highlight; additional trims also available
- Orange/red or white variable Ambient light
- Lights package

Exterior equipment features:

- BMW kidney grille featuring eleven exclusively designed slats in high-gloss Chrome
- Front bumper with specific design elements in high-gloss Chrome
- 17" light alloy wheels Y-spoke style 380
- 18" light alloy wheels V-spoke style 387 with mixed tyres; other wheels also available
- "Luxury Line" lettering on the side
- Chrome Line exterior
- Rear bumper with specific design elements in high-gloss Chrome
- Tailpipe in high-gloss Chrome

06 □

[05 | 06] The BMW 2 Series Coupé and the BMW 2 Series Convertible with M Sport package in the optional, exclusive Estoril Blue metallic exterior colour.

¹ Only in conjunction with 6-speed manual transmission.

Optional and standard equipment vary according to country.

BMW M240i COUPÉ AND CONVERTIBLE. M DNA INCLUDED.

The **BMW M240i** benefits from the unique expertise of BMW M engineers, with a specially fine-tuned powertrain, chassis and steering system. As a driver, you feel it most in the precise, sporty handling, which makes for a particularly intense driving experience. The M Performance TwinPower Turbo six-cylinder in-line petrol engine delivers 250 kW (340 hp) of power and a maximum torque of 500 Nm – accompanied by a unique sound. The optional intelligent xDrive all-wheel drive system, also available for the BMW M240i Convertible, masterfully transmits this power to the road. It is aided by the low-set optional adaptive suspension with variable damper control, the variable sport steering, the optional eight-speed Steptronic Sport transmission and exclusive 18" light alloy wheels in Ferric Grey metallic. The exterior mirrors in Ferric Grey metallic as well as the M Aerodynamics package with larger air inlets¹, special side skirts and a diffuser insert in the rear apron visually underscore the vehicle's dynamic appearance. The interior features contoured M sport seats and an ergonomically designed M leather steering wheel for a convincing look.

M PERFORMANCE

Lettering. The rear of the car features a distinctive M240i model designation.

Door sill finishers with aluminium insert and the M240i designation.

¹ Fog lights not available in conjunction with M Aerodynamics package for the M240i.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] The High-beam assistant supports the driver at night by automatically activating and deactivating the high-beam and low-beam headlights depending on the presence of vehicles ahead.

[02] Glass sliding/vent roof, electric, with sun protection, trap release, and comfort opening and closing functions (BMW 2 Series Coupé).

[03] The BMW Individual high-gloss Shadow Line design package features numerous external equipment features in high-gloss Black (standard on M240i and M240i xDrive).

[04] Xenon headlights (standard on M240i and M240i xDrive) enhance visibility, providing optimal illumination in every situation when combined with adaptive headlights.

[05] The Chrome Line exterior with details in high-gloss Chrome gives the vehicle a particularly sophisticated look (standard on 230i and 225d).

[06] The fog lights¹ in the front apron ensure better visibility and improved safety (standard on 230i and 225d).

[07] Thanks to its striking rear lights in LED technology, the vehicle is instantaneously recognisable as a BMW.

[08] Opening the doors, starting the engine and opening or closing the softtop – with the comfort access system, all of these actions can be performed without using the car key.

[09] The Rain sensor including automatic headlight activation automatically activates the windscreen wipers and the low-beam headlights.

[10] The electric softtop is characterised by its great insulating properties and can also be opened or closed while driving.²

[11] Twin tailpipe in black Chrome (shown here with Sport Line for 220d, 220i, 225d and 230i).

[12] The removable tow ball¹ on the trailer tow hitch ensures that the sporty design of the vehicle's rear is in no way negatively impacted when the hitch is not being used.

[13] The scratch-resistant rear window on the softtop provides good rearward visibility. It too fully disappears into the luggage compartment when the softtop is folded down (BMW 2 Series Convertible).

[14] The wind deflector provides the driver and front passenger with effective protection from draughts. When not in use, it can be compactly stored in a bag in the luggage compartment (BMW 2 Series Convertible).

¹ Not available for the M240i and M240i xDrive.

² Fully automatic opening and closing at speeds of up to 50km/h.

07 □

[01] The standard front seats offer manual adjustment options for the fore-and-aft position, backrest angle, headrest and seat height, including the easy-entry function.

[04] Sport leather steering wheel, black, including multifunction buttons, with three spokes and a thicker wheel rim for great handling and easy operation of various in-car systems (standard on 230i and 225d).

[02] The iDrive Touch Controller (part of navigation system Professional): intuitive control via the iDrive Controller touchpad.

[05] Sport seats for the driver and front passenger offer great comfort and perfect lateral support thanks to their electronic adjustment options for various parts of the seat.

[03] M Leather steering wheel including multifunction buttons, steering wheel rim in leather, 'Walknappa' Black with contoured thumb rests.³

[06] The eight-speed Steptronic Sport transmission makes it all possible – from comfortable cruising to a more dynamic driving style (standard on M240i xDrive and 225d).

[07] The automatic air conditioning with two-zone control includes Automatic Air Recirculation (AAR) with an active carbon filter, as well as fogging and solar sensors.³

[08] The lights package features numerous LED lights both inside and outside the car for increased convenience and a premium look. The above image illustrates the ambient light feature (included).

[11] Harman Kardon surround sound system with 360 W digital amplifier, 7 channels, vehicle-specific equalizer and 12 loudspeakers including centre speaker.

[13] The Driving Assistant² safety equipment draws the driver's attention to an unintentional lane change or possible collision and brakes automatically in the event of an emergency.

[09] The Navigation system Professional¹ includes a Hands-free facility, a USB interface and the radio BMW Professional, among other things.

[12] The rear view camera shows the area behind the vehicle on the Control Display. Interactive guide lines and obstacle markings help the driver when reversing.

[14] When the backrest is folded down, a through-loading gap appears, enabling the transportation of long objects.

[10] The Speed Limit Info including the no-overtaking indicator provides information on speed limits as well as no-overtaking zones.

¹ Benefits at a glance: navigation, hands-free facility and audio system with a large music storage capacity in one variable operation, including entering destinations in handwriting perfect readability thanks to a three-dimensional display and split screen three years of automatic map updates without license fees

² This function can be limited by darkness and fog.

³ Standard on M240i and M240i xDrive.

WHEELS AND TYRES.

■ Standard equipment □ Optional equipment ○ Accessories

[01] 16" light alloy wheels V-spoke style 378, 7 J x 16 with 205/55 R 16 tyres (standard on 218i, 220i, 218d, 220d and 220d xDrive¹).

[04] 16" light alloy wheels Star-spoke style 376, 7 J x 16 with 205/55 R 16 tyres.²

[07] 19" BMW M Performance light alloy wheels Double-spoke style 405 M with mixed tyres, front 7.5 J x 19 with 225/35 R 19 tyres, rear 8 J x 19 with 245/30 R 19 tyres.³

[02] 16" light alloy wheels Star-spoke style 654, 7 J x 16 with 205/55 R 16 tyres.²

[05] 17" light alloy wheels Double-spoke style 655, 7.5 J x 17 with 225/45 R 17 tyres.

[08] 19" light alloy wheels Double-spoke style 361 in Ferric Grey with mixed tyres, front 7.5 J x 19 with 225/35 R 19 tyres, rear 8 J x 19 with 245/30 R 19 tyres.³

[03] 18" light alloy wheels Double-spoke style 385 with mixed tyres, front 7.5 J x 18 with 225/40 R18 tyres, rear 8 J x 18 with 245/35 R 18 tyres.

[06] 17" light alloy wheels Turbine style 381, 7.5 J x 17 with 225/45 R17 tyres.

¹ Only available for the BMW 2 Series Coupé.

² Not available for the 230i and 225d.

³ You can find these and other wheels as Original BMW Accessories on www.bmw.com/accessories

Optional and standard equipment vary according to country.

ORIGINAL BMW ACCESSORIES.

[01] The racing bicycle holder is crafted from high-quality materials and can be easily mounted on the roof using a simple clamping system. No tools required.

[03] Fitted luggage compartment mat, Sport. This durable, non-slip mat protects against dirt and moisture. Its black and red design complements the Sport Line.

[05] Hard-wearing USB cable adapter for integrating and simultaneously charging compatible Apple iPod™ and iPhone™ devices.

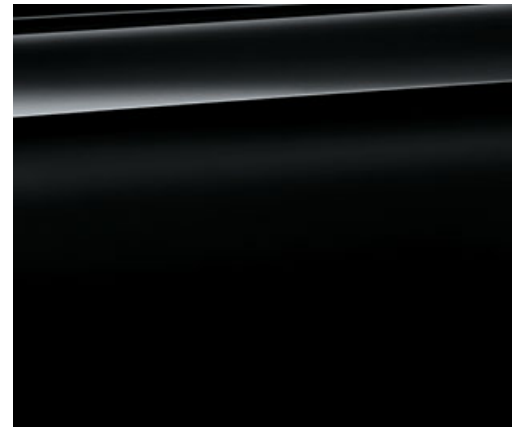

[02] The coat hanger from the Travel & Comfort system range allows clothes to be transported without creasing. Detachable for use outside the vehicle.

[04] For many current mobile phones, there are snap-in adapters available that provide an aerial connection as well as a storage and charging facility, making in-car phone use more convenient.

[06] All-weather floor mats, Sport. Perfectly fitted to the front footwells, these mats protect from moisture, dirt and mould. Their black and red design complements the Sport Line.

All dimensions in the illustrations are given in millimetres.

¹ The figure quoted includes a 90 per cent tank filling, 68kg for the driver and 7kg for luggage. Unladen weight applies to vehicles with standard equipment. Optional equipment may increase this figure.
² The overall weight of the trailer must not exceed the maximum permissible trailer load, taking into account the maximum permissible towbar download.
³ BMW recommends the use of RON 95 super unleaded petrol. Unleaded RON 91 and higher with a maximum ethanol content of 10% may also be used. Output and fuel consumption figures apply to RON 98 fuel.

⁴ All engines comply with the EU6 emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle made up of approximately one-third urban traffic and two-thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured in addition to fuel consumption. Optional equipment may increase these figures.
⁵ Fuel consumption and CO₂ emissions are dependent on tyre format and selected special equipment (higher figures refer to models with optional wheels). For further information on fuel consumption and CO₂ emissions consult your BMW partner.
⁶ Electronically limited.

Figures in [] apply to vehicles with Steptronic transmission.

WELL TAKEN CARE OF WITH BMW SERVICES:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. For example, the **Condition Based Service** independently tracks both service fluid levels and the condition of parts subject to wear and then notifies you in the display when the vehicle requires servicing. So you only need to go to your BMW service partner when it's really necessary. When you do go, our

qualified BMW service specialists take care of your vehicle using the newest workshop technology and only **original BMW parts**. This service is available worldwide in more than 3,300 BMW service partner establishments in over 150 countries, to provide you with limitless driving pleasure.

BMW SERVICE.

BMW Service Packages*: Individual and stress-free, just for you. Individual, well-thought-out servicing solutions carefully tailored to you and your vehicle. With one-off, predictable costs, BMW Service Packages give you complete peace of mind, so you can enjoy owning a BMW to the very fullest. Whether it's fresh from the showroom or already well-travelled – there's a BMW Service Package for every phase of your vehicle's life. All bringing you maximum quality, expertise and value retention, always at reasonable, transparent rates. And always carefully tailored to you and your BMW. Find out just how stress-free truly individual service can be!

www.bmw.com/serviceinclusive

BMW Mobile Service*: This service is there for you day and night. As soon as you call, we spring into action, and take care of everything that may need doing after an accident or breakdown, with specially trained technicians working – on site or via telephone – to get your car back on the road. We offer comprehensive, country-specific mobility packages for breakdowns, and insurance that covers you in the event of an accident or theft. So if anything untoward does happen, simply call up the BMW accident hotline and we'll go to work. We'll take care of calling the emergency services, a tow truck, a replacement car, notifying your insurance company and much more. For further information please visit www.bmw.com

BMW TeleServices*: With Condition Based Service, you'll be automatically reminded of your next necessary service appointment on the vehicle screen. Provided you've consented, key vehicle data will be relayed to BMW automatically for analysis. Your assigned BMW service partner will access the information and contact you free of charge to make a service appointment as and when necessary. To access BMW Teleservices, the vehicle must be equipped with the optional Intelligent Emergency Call or ConnectedDrive Services. The service can be deactivated at any time you so desire, and you can change your service partner in the iDrive menu or ConnectedDrive portal. Find out more at www.bmw.com/teleservices

BMW FINANCIAL SERVICE.

BMW Financial Services*: Mobility solutions to meet your needs. BMW Financial Services provides you with attractive leasing, finance and insurance options. To find out more, see the price list or go to www.bmwfs.com. Your BMW partner will also be glad to draw up an individual offer for you in person.

THE BMW EXPERIENCE.

BMW TV*: www.bmw.tv enables you to experience the BMW brand in all its diversity. Features, portraits and background reports provide you with information on automobiles, innovations, sports and lifestyle topics.

BMW Driving Experience: The better you control your BMW, the more enjoyment you will derive from driving it. Use our training courses to learn for yourself what it means to reach a car's physical limits on various types of surfaces, and what you have to do to control your vehicle even in extreme situations. For further information please visit www.bmwdrivingexperience.com

BMW Welt: Picking up a car at BMW Welt has always ranked among the best moments for any driver. Turn this moment into one whole unforgettable day: experience the handover of your new BMW as just one part of a programme of activities perfectly tailored to your interests. At BMW Welt, the BMW Group plant, the BMW Museum, the BMW Group headquarters and the BMW Group Classic all combine to provide you with a great experience of an exciting history, a breathtaking present – and spectacular visions for the future. Find out more at www.bmw-welt.com/en

BMW Magazine: In BMW Magazine, experience the newest BMW models in front of stunning backdrops. Discover new design trends, travel destinations and the richness of modern life. Encounter people with visionary ideas who are changing the world. Find out more at www.bmw.com/magazine

SHAPING THE FUTURE – RESPONSIBLY.

In 2015, the BMW Group was once more listed in the Dow Jones Sustainability Index as the most sustainable automotive company worldwide. This makes BMW Group the only company in the automotive industry to be listed without interruption since the index was established. The development of efficient vehicle concepts and environmentally friendly production processes, including recycling, is an integral part of our philosophy. BMW EfficientDynamics and electric vehicles have enabled us to cut CO₂ emissions from our European new-vehicle fleet by more than 40% since 1995. We have also reduced the amount of resources used in production, such as water and energy, by 34% between 2006 and 2015, with a reduction to 45% of previous levels aimed at for 2020. In terms of other resources (such as volatile organic compounds, process wastewater and waste) our 45% target was met in 2014, and we will continue to work on further improvement. Production at our engine plant in Steyr has been waste-water free since 2007. And of course, at the end of its service life, every one of our vehicles can be easily and economically recycled. To return your end-of-life vehicle, please contact your BMW partner. For more information on this issue please visit our website.
