

BMW X5 M  
BMW X6 M

Sheer  
Driving Pleasure

# THE NEW BMW X5 M. THE NEW BMW X6 M.

International version. Please contact your local dealer for country specific information.

BMW stands for sheer driving pleasure. And best of all – it stands for your own individual form of driving pleasure. Discover countless personal stories at [www.bmw.com/BMWstories](http://www.bmw.com/BMWstories)

## GET MORE FROM YOUR BROCHURES.

Films, image galleries and much more – discover exciting digital content on every page with a QR code.

All you need is a QR reader. Just pick one from the wide range on offer at your app store. Next, start your QR reader and hold your smartphone or tablet approx. 20 cm above the QR code.

Plus: you can go on a digital discovery tour of the BMW X5 M and BMW X6 M. Simply download the digital edition of the catalogue directly onto your tablet with the BMW catalogues app. You can find the BMW catalogues app at your app store.

Internet use may incur costs, depending on your mobile contract.

**THE NEW BMW X5 M.  
THE NEW BMW X6 M.  
CLAIMS YOUR TERRITORY.**

## THE MODELS SHOWN.

- 04 BMW X5 M:**  
M TwinPower Turbo eight-cylinder petrol engine, 423kW (575hp), 20" M light alloy wheels Double-spoke style 611 M, gloss-lathed, exterior colour Donington Grey metallic, seats in full fine-grain leather Merino, Mugello Red, interior trim Aluminium Trace.
- BMW X6 M:**  
M TwinPower Turbo eight-cylinder petrol engine, 423kW (575hp), 21" M light alloy wheels Double-spoke style 612 M, forged and gloss-lathed, exterior colour Long Beach Blue metallic, seats in full fine-grain leather Merino, Aragon Brown, interior trim Carbon Fibre.

## INNOVATION AND TECHNOLOGY.

- 24 M TWIN POWER TURBO ENGINE:**  
Performance with maximum efficiency.
- 26 SUSPENSION:**  
Innovative systems for more driving pleasure.
- 28 M DRIVER ORIENTATION:**  
The optimal focus for the greatest possible control.
- 30 BMW CONNECTED DRIVE:**  
Services & Apps and driver assistance systems.

## INDIVIDUALITY AND CHOICE.

- 34 EQUIPMENT:** BMW X5 M and BMW X6 M, BMW Individual and equipment highlights.
- 44 COLOURS:** Exterior and interior colours.
- 48 TECHNICAL DATA:** Vehicle weight, engine, driving performance, fuel consumption, wheels, electrical systems and technical drawings.
- 50 BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

# THE POWER TO PLEASE.

## CLAIMS YOUR TERRITORY.

Boldness, perseverance and assertiveness – you need a well-rounded array of qualities if you want to make your own rules like these masters of versatility do. Their outstanding power is reflected in the distinctive M design. Experience superior performance, discover the new BMW X5 M and the new BMW X6 M.

EXPERIENCE ALL OF THE HIGHLIGHTS  
IN THIS SHORT VIDEO.

**GIVE YOUR EARDRUMS  
GOOSEBUMPS.**

When these two model athletes from the M family flex their muscles, untold powers are unleashed. Their M TwinPower Turbo eight-cylinder petrol engines are high-performance units with typical M power delivery and the tremendous thrust of double turbocharging; they also produce a unique sound, befitting their performance and acceleration.

**THEIR SPECIALTY: EVERYTHING.**

Get acquainted with the unknown: discover entirely new paths and push the limits in the new BMW X5 M and BMW X6 M. Whether on the racetrack, a gravel road or a motorway – they take every territory by storm.

A start from the pole position. A campaign of conquest through the countryside. Or a short sprint that gets under your skin: in the new BMW X5 M and BMW X6 M, you'll always stay on track and have the situation under control. The optional completely electric M multifunctional seats with specially formed sides and integrated headrests provide perfect support when driving through a curve – for gripping dynamics.

**HIGH PERFORMANCE BASED ON  
DEEPEST CONVICTION.**

**575 HORSES.  
JUST ONE REIN.**

Peak performance comes with great control: The athletic and ergonomically shaped M leather steering wheel puts the dynamics of these powerful models from the M vehicle workshop right in your hands. With the help of the new M Servotronic, you can negotiate every curve with greater control: depending on driving speed, steering power is optimally adjusted to provide direct, precise, comfortable steering behaviour.

**SOMETIMES, EXCEPTION  
BECOME THE NORM.**

Unrivalled dynamics with maximum control result in exceptional performance and an inspiring driving experience. All this awaits you in the new BMW X5 M and in the new BMW X6 M. Even during extremely dynamic driving manoeuvres, the M-specific intelligent four-wheel drive BMW xDrive holds the road and gives driving pleasure free rein.

# X REASONS TO DRIVE AN M.

A striking presence that radiates superiority: distinctive forms and powerful contours characterize the inspiring M design. It emphasises the confident athleticism, the ambitious pioneering spirit and the classic elegance of these two vehicles. For them, limitations are merely the starting gun for the next challenge to overcome.

## INNOVATION AND TECHNOLOGY.

**M TWIN POWER TURBO ENGINE:** Performance with maximum efficiency.

**SUSPENSION:** Innovative systems for more driving pleasure.

**M DRIVER ORIENTATION:** The optimal focus for the greatest possible control.

**BMW CONNECTED DRIVE:** Services & Apps and driver assistance systems.

## M TwinPower Turbo engine. Performance with maximum efficiency.

The M TwinPower Turbo technology combines great performance with impressive efficiency. Outstanding responsiveness, linear increase in power, a high-revving character and tremendous thrust are the hallmarks of the eight-cylinder petrol engine in the EfficientDynamics engine family. From just above idling to high rpms – there's plenty of torque available across the entire range of engine speeds. The result: more than enough power in every situation and a thrilling performance in the upper rpm range.

### RACETRACK-READY COOLING CONCEPT.

To match the increased performance of the M TwinPower Turbo engine, BMW M has developed a racetrack-ready cooling concept that ensures optimal cooling of the engine components. The system includes four cooling circuits with ten radiators, five coolant pumps, enlarged intercoolers and additional gearbox oil cooling.

### BMW X5 M / BMW X6 M.

- M TwinPower Turbo eight-cylinder petrol engine with 423kW (575hp) output and 750Nm of torque
- acceleration 0–100km/h: 4.2s
- top speed: 250km/h (electronically limited)
- combined fuel consumption: 11.1l/100km<sup>1</sup>
- CO<sub>2</sub> emissions: 258g/km<sup>1</sup>

<sup>1</sup> Fuel consumption and CO<sub>2</sub> emissions are affected by the selected wheel and tyre sizes. For more information, please see pages 48/49 or consult your BMW partner.

## Suspension. A solid foundation for superior driving dynamics.

For the new BMW X5 M and the new BMW X6 M, conventional rules do not apply: as an independent development of BMW M GmbH, they consistently follow the M philosophy – perfectly uniting high performance and the greatest possible everyday practicality. In order to fulfil these high expectations, every component of the sophisticated M high-performance suspension has been optimised for extremely dynamic driving.

The intelligently networked suspension components and control systems provide maximum driving dynamics and agility as well as the greatest possible precision and control. Experience a captivatingly authentic driving sensation.

The intelligent **BMW xDrive all-wheel drive system** provides smooth M-specific variable drive-power distribution to the axles with an emphasis on the rear wheels – for maximum traction, directional stability and safety in every driving situation. The electronically operated force distribution also counteracts under or oversteering, which above all improves handling.

**Dynamic Performance Control (DPC)** improves power delivery and optimises driving dynamics by flexibly distributing drive power between the wheels on the rear axle. DPC provides even greater driving precision and athleticism. With its M-specific calibration, steering effort is reduced and accuracy is increased.

**Dynamic Damper Control** constantly adjusts the damper characteristics to suit the current driving situation. The driver can choose from a range of settings, from comfort, which nonetheless retains high dynamic potential, to a very tight setting for markedly athletic driving behaviour and undiluted M driving pleasure on winding roads.

**M Servotronic** adjusts the power steering to suit the current speed and ensures a direct and precise steering response even at high speeds. It also ensures supreme comfort by minimising the physical effort required for steering, as well as maximising agility when parking, manoeuvring or navigating narrow or twisting roads.

The **eight-gear M Steptronic transmission with Drivelogic** offers a variety of shifting options: from extremely athletic and dynamic to comfortable and barely noticeable to fuel-saving. The driver can shift manually with the gear lever or with the gearshift paddles on the steering wheel, or leave it to the car with the transmission's automatic mode.

Thanks to the use of a mix of specific materials, **M compound brakes** achieve outstanding deceleration and are extremely solid and highly durable. They also weigh less, which has a positive impact on agility, dynamics and acceleration. The blue metallic brake callipers with the M logo are the hallmark of these high-performance compound brakes.

## M driver orientation. Putting the driver centre stage for optimal control.

The ergonomic concept of the M vehicles features an exclusive cockpit with the driver orientation that is characteristic of the M line. All controls are designed with a focus on the driver. As in racing, intuitive and absolute control over the vehicle together with the shortest possible response times are our key priorities.

That cockpit-feel, perfect seat ergonomics, knee pads, M driver footrest, direct access to all controls relevant to driving dynamics, the optional BMW Head-Up Display with M-specific features, M gear selector and M-specific instrument cluster are the central components of the athletic-ergonomic driver orientation. Gearshift paddles adopted from racing sports and two M Drive buttons for quickly activating the M modes are located on the M leather steering wheel.

The **M-specific instrument cluster** with Black Panel technology includes four easy-to-read round instruments: one for speed (with a scale that goes up to 330km/h), engine speed (with M logo), fuel level and oil temperature, as well as a display for M Drivelogic and on-board computer functions. The instruments feature white illumination with red indicators, typical for M.

The newly developed **M leather steering wheel** features a reduced circumference and a Double-spoke style, which echoes that of the M light alloy wheels. The M logo, M Drive buttons, gearshift paddles, chrome detailing and contrast stitching all create a palpable racing feel.

The ergonomically optimised, illuminated **M gear selector** brings motor sport flair to the centre console. By pulling it back or pushing it forward, the driver can shift manually in automatic mode into higher or lower gears. In manual mode, the engine takes advantage of each gear's peak rpms and the transmission doesn't automatically shift up too early.

**M Drive** allows for the individual configuration of the DSC mode, the appearance of the optional BMW Head-Up Display and personal driving profiles – from comfortable gliding all the way up to an athletic-direct set-up – by adjusting the engine, damper and steering characteristics, as well as the transmission. Activation is as simple as touching one of the two M Drive buttons integrated into the M leather steering wheel.

**Launch Control** allows maximum acceleration from a standing start. It automatically adjusts the engine to its ideal starting speed, and the eight-gear M Steptronic transmission with Drivelogic constantly sets the gearshift points so that when shifting up, the next optimal engine speed is available.

## BMW ConnectedDrive So connected you're free.

Our world is becoming more closely networked every day. BMW drivers are used to the fact that their vehicle and their world are connected – that they can request information, communicate via telephone or email and always be up to date while they're on the go. The BMW ConnectedDrive<sup>1</sup> concept encompasses all the services and innovative technologies that link BMW vehicles and their passengers to the outside world and surrounding traffic.

With the optional **ConnectedDrive Services\***, you can stay connected with everything that's important to you and the people you care about. Each and every function is designed to improve your overall driving experience. ConnectedDrive Services provide access to an astonishing array of services and apps – such as Facebook, web radio and a dictation function.

BMW ConnectedDrive encompasses a wide range of intelligent services and assistance systems, allowing everybody to choose just what they need. **BMW ConnectedDrive Services & Apps** provides greater flexibility by networking the driver, car and the outside world. The **BMW ConnectedDrive driver assistance systems** make every drive in a BMW both safer and more convenient. Intelligent systems make the driver's job easier and minimise the risk of accidents.

The optional full-colour **BMW Head-Up Display with M-specific display<sup>2</sup>** projects all information relevant for the journey directly into the driver's field of vision. With the press of a button, the driver can switch to the M-specific display, which includes a gear indicator, the rpm as a dynamic range curve, as well as shift lights indicating the optimal moment to shift.

With the **BMW M Laptimer app**, driving data from the racetrack can be accurately recorded and then analysed with the aim of improving driving performance. The information, which falls into categories such as accelerator position, steering angle, G-force and best lap time, can be posted as snapshots to social media, or sent by email.

**Music to go.** To ensure that every trip in your BMW becomes an unforgettable experience, the vehicle comes with music apps that play the right song for every occasion. Whether commuting to work, going shopping or heading off on holiday, you can compile your own radio station, choose between a huge array of audio books or stream your own music – all from the comfort of your BMW with the BMW ConnectedDrive Services optional equipment.

\* May not be available in all countries. Please contact your BMW partner.  
<sup>1</sup> For further information on BMW ConnectedDrive, particularly on the duration of the services and associated costs, please contact your BMW partner or visit [www.bmw-ConnectedDrive.com](http://www.bmw-ConnectedDrive.com).  
<sup>2</sup> The display is not fully visible when wearing polarised sunglasses.

PREPARE TO BE AMAZED BY  
BMW CONNECTED DRIVE.

# INDIVIDUALITY AND CHOICE.

**EQUIPMENT:** BMW X5 M and BMW X6 M, BMW Individual and equipment highlights.

**COLOURS:** Exterior and interior colours.

**TECHNICAL DATA:** Vehicle weight, engine, driving performance, fuel consumption, wheels, electrical systems and technical drawings.

**BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

## BMW X5 M.

**[ 01 ]** The exterior design of the BMW X5 M stands for pure power and agile dynamism, and therefore for the ultimate in driving pleasure. The M-specific design elements impressively accentuate its athletic qualities.

**[ 02 ]** The M gearshift lever and the driving dynamics buttons on the centre console, M leather steering wheel and further M details emphasise the car's high-performance character.

**[ 04 ]** The objective of BMW M interior design is to offer the driver the best possible control during dynamic driving in a customised ambience with optional M multifunctional seats and optimised lateral support.

**[ 05 ]** 20" M light alloy wheels Double-spoke style 611 M, gloss-lathed with mixed tyres, front size 10 J x 20 with 285/40 R 20 tyres, rear 11.5 J x 20 with 325/35 R 20 tyres.

## BMW X6 M.

**[ 01 | 03 ]** On the exterior of the BMW X6 M, the characteristic M front apron with large air inlets, an athletically wide rear and M-specific design elements such as the M exterior mirrors with double-bridge design and the M gills make for an extroverted appearance.

**[ 02 ]** From the BMW characteristic instrument cluster with M-specific colouring, to the M leather steering wheel with galvanised gearshift paddles, classic M design elements emphasise the vehicle's performance potential.

**[ 04 ]** The optional M multifunctional seats provide optimal lateral support and a high level of comfort even on long journeys. The M footrest gives a stable hold and cushioned leather kneepads on the centre console provide additional support when driving quickly through curves.

**[ 05 ]** Optional 21" M light alloy wheels Double-spoke style 612 M, forged and gloss-lathed with mixed tyres, front size 10 J x 21 with 285/35 R 21 tyres, rear 11.5 J x 21 with 325/30 R 21 tyres.

# BMW Individual.

The expression of personality.

BMW Individual paint finish  
Azurite Black metallic.

## The new BMW X6 M. Inspired by BMW Individual.

Driving a BMW is, in itself, a mark of character. There are those who still, however, want their vehicles to be even more individual reflections of their personality. The BMW Individual Collection and the BMW Individual Manufaktur meet these needs by opening up seemingly limitless opportunities for differentiation.

Precisely in tune with each model, the BMW Individual Collection offers a highly exclusive selection of equipment options. Fascinating paint finishes either refracting the light or with a matt effect. Leather, unique in colour and scope of application, perfected with clever contrasts. Interior trims in the most exclusive fine woods or the immaculate Piano finish.

And yet even this can be surpassed – thanks to the BMW Individual Manufaktur. Here, there is only one goal: realising almost any customer request, even the most personal, with stylish, hand-crafted perfection.

BMW Individual leather-covered instrument panel  
and interior trim Piano finish Black.

BMW Individual extended fine-grain Merino leather upholstery in Smoke White with roofliner Alcantara  
in Smoke White, leather-covered instrument panel and interior trim in Piano finish Black.

## EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

**[ 01 ]** The M kidney grille with high-gloss Black double slats and "X6 M" logo emphasises the forward projecting design of the car's front end.

**[ 02 ]** The distinctive M gills underscore the car's sporty appearance and together with the integrated Air Breather, they optimise the car's aerodynamics.

**[ 03 ]** The aerodynamically optimised M exterior mirrors with double-bridge design and integrated LED indicators accentuate the athletic character of the car.

**[ 04 ]** Panorama glass roof, electric, with slide and lift functions, a wind deflector as well as a comfort opening function via the car's remote control.

**[ 05 ]** The functional rear spoiler in the body colour provides additional propulsion for the rear axle and visually extends the silhouette (only for the BMW X6 M).

**[ 06 ]** The colour of the light produced by Adaptive LED Headlights is similar to daylight, and they adjust their light distribution automatically depending on the vehicle's speed and steering angle.

**[ 07 ]** 21" M light alloy wheels in Double-spoke style 612 M with mixed tyres, forged and gloss-lathed.

**[ 10 ]** 20" M light alloy wheels in Double-spoke style 611 M with mixed tyres, gloss-lathed.

**[ 12 ]** The two bevelled M double tailpipes made of high-gloss chrome fit harmoniously into the flowing lines of the rear apron.

**[ 08 ]** Door sill finishers with model lettering on chrome-plated inlays on the front door sills emphasize the vehicle's exclusivity.

**[ 11 ]** Thanks to the use of various materials, M compound brakes achieve outstanding deceleration values and are extremely stable and highly durable.

**[ 13 ]** BMW Individual leather finished instrument panel (XT1)<sup>1</sup> in Walknappa leather at the top<sup>2</sup> and fine-grain Merino leather in the colour of the upholstery at the bottom.<sup>3</sup>

**[ 09 ]** The eight-gear M Steptronic transmission with Drivelogic offers a variety of shifting options: from extremely athletic and dynamic to comfortable and barely noticeable to fuel-saving.

<sup>1</sup> Only available in conjunction with the BMW Individual extended fine-grain Merino leather upholstery.  
<sup>2</sup> In Black with Amaro Brown, Nutmeg or Ciccio Brown upholstery. In Scotch dark with Smoke White or Taupe upholstery.  
<sup>3</sup> The upper and lower parts of the instrument panel and the door panels feature contrast stitching.

DISCOVER FURTHER EQUIPMENT OPTIONS FOR THE  
NEW BMW X5 M AND THE NEW BMW X6 M HERE.

## EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

**[01]** M leather steering wheel in Double-spoke style with gearshift paddles, M logo, M Drive buttons, chrome detailing and contrast stitching.

**[02]** The full-colour BMW Head-Up Display¹ projects important information directly into the driver's field of vision – including engine speed and optimum shift time when in the M mode.

**[03]** Keep sight of what is important – the M-specific instrument cluster with Black Panel technology includes four round instruments and several displays.

**[04]** M Drive allows for the individual configuration of the vehicle set-up by adjusting the engine, damper and steering characteristics, as well as the transmission.

**[05]** The iDrive Touch Controller (part of the navigation system Professional): intuitive control via the iDrive Controller touchpad.

**[06]** Navigation system Professional, including hands-free kit, USB interface, LCD colour display, Radio Professional with DVD drive and 20 GB of memory for audio files. Operation is intuitive thanks to the iDrive Controller with direct menu control buttons and eight functional bookmarks. The maps are displayed in 3D.

**[07]** The BMW Individual roofliner in Alcantara Anthracite, which also features body pillars lined in Alcantara, gives the interior an added touch of sophistication.

**[08]** The rear-seat entertainment system Professional offers the best possible entertainment options for passengers sitting in the rear thanks to two separate HD colour displays.

**[09]** M multifunction seats in full leather with integrated headrests offer perfect lateral support, even during very dynamic driving.

**[10]** The Bang & Olufsen high-end surround sound system enthral listeners with its full sound, illumination effects and extendible centre speaker.

**[11]** The BMW Individual cooling box², which is electrically operated and easy to remove, can accommodate two 0.7 litre bottles and three beverage cans.

¹ The display is not fully visible when wearing polarised sunglasses.

² Planned availability: 04/2015. When integrated into the luggage compartment, the luggage compartment capacity decreases by approx. 80 litres.

<sup>1</sup> The figure quoted includes a 90% full tank, 68 kg for the driver and 7 kg for luggage. Unladen weight applies to vehicles with standard equipment. Optional equipment will increase this figure.

<sup>2</sup> BMW recommends the use of premium quality unleaded 95 RON fuels. Regular unleaded fuels 91 RON and higher with a maximum ethanol content of 10% (E10) may also be used. Output and fuel consumption figures apply to use with 98 RON fuel.

<sup>3</sup> All engines comply with the EU6 emissions standard. Fuel consumption is determined in accordance with the EC driving cycle (93/116/EU) which consists of approximately one-third urban traffic and two-thirds extra-urban driving (based on the distance covered). CO<sub>2</sub> emissions are measured in addition to fuel consumption. Optional equipment may increase these figures. For further information about fuel consumption and CO<sub>2</sub> emissions, please consult your BMW partner.

<sup>4</sup> Electronically limited.

All dimensions in the technical drawings are given in millimetres.

## WELL TAKEN CARE OF WITH BMW SERVICES:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. For example, the **Condition Based Service** independently tracks both service fluid levels and the condition of parts subject to wear and then notifies you in the display when the vehicle requires servicing. So you only need to go to your BMW service partner when it's really necessary. When you do go, our

### BMW SERVICE.

**BMW Service Inclusive\*:** BMW Service Inclusive enables you to enjoy unlimited driving pleasure in your new BMW. You can select different levels of coverage and various contract durations. Costs for maintenance, inspection and wear are covered for the entire duration of the contract. Of course, only Original BMW Parts will be used for any repairs. BMW Service Inclusive is not just effective in your country, but worldwide, at all participating BMW Service partners. For further information visit [www.bmw.com/serviceinclusive](http://www.bmw.com/serviceinclusive)

**BMW Mobile Service\*:** This service is there for you in case of a breakdown, day and night. Specially trained BMW technicians do everything necessary, on the phone or on-site, to get your car back on the road as fast as possible. We offer a comprehensive country-specific mobility package for breakdowns and insurance that covers you in the event of an accident or theft. And in case of an accident, call us at the BMW accident hotline! We'll take care of calling the police, an ambulance, a tow truck, a replacement car, notifying your insurance company and much more. For more information visit [www.bmw.com](http://www.bmw.com)

**BMW TeleServices\*:** With Condition Based Service, you'll be automatically notified in the display of your next necessary service appointment. Provided you've consented, the most important vehicle data required for analysis will be relayed to BMW automatically. Your assigned BMW service partner will access the information and contact you free of charge to make a service appointment – if one is necessary. To access BMW TeleServices, the vehicle must be equipped with the optional Intelligent Emergency Call or ConnectedDrive Services. If necessary, the service can be deactivated at any time. For more on this topic please visit [www.bmw.com/teleservices](http://www.bmw.com/teleservices)

### BMW FINANCIAL SERVICE.

**BMW Financial Services:** Tailor-made finance: BMW Financial Services offers you attractive leasing, finance and insurance packages. For further information visit [www.bmwfs.com](http://www.bmwfs.com) or ask your local BMW partner to make you an individual offer.

### THE BMW EXPERIENCE.

**BMW TV\*:** [www.bmw.tv](http://www.bmw.tv) enables you to experience the BMW brand in all its diversity. Features, portraits and background reports provide you with information on automobiles, innovations, sports and lifestyle topics.

**BMW Driving Experience:** The better you control your BMW, the more enjoyment you will derive from driving it. Use our training courses to learn for yourself what it means to reach a car's physical limits on various types of surfaces, and what you have to do to control your vehicle even in extreme situations. For further information please visit [www.bmwdrivingexperience.com](http://www.bmwdrivingexperience.com)

**BMW Welt:** A visit to BMW Welt is something you will never forget, whether you go to pick up a new car or just to enjoy the fascination of the brand. ## SHAPING THE FUTURE – RESPONSIBLY.

In 2013, the BMW Group was once again listed in the Dow Jones Sustainability World and Europe Indices and thus ranked one of the most sustainable automotive companies worldwide. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. BMW EfficientDynamics standards have enabled us to cut the CO<sub>2</sub> emissions of our fleet of new vehicles in Europe by more than 30% between 1995 and today. We're also aiming to reduce the amount of resources such as water and energy used in production by 45% between 2006 and 2020. Production at our engine plant in Steyr has been waste-water free since 2007. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW partner on all matters regarding your end-of-life vehicle. For further information please visit our website.

BMW M

Sheer  
Driving Pleasure

The models illustrated in this brochure show the specifications of vehicles produced by BMW AG for the German market. In part, they include optional equipment and accessories not fitted as standard. According to the specific requirements of the markets of other European Union member states, alterations in models, standard and optional equipment, as described in this brochure, may occur. For more information about country-specific vehicle versions, please contact your local BMW partner. The images and descriptions are subject to change to the product's details.
